

The sun is shining and burglars are out and about

Do all burglars break in?
Not on this Borough!

1 in 4 burglars enter through a door or window **LEFT OPEN**.
Always lock all your doors and windows before going out or going to bed.
Help us to reduce residential burglary.

Remember leaving a window or door open is an open invitation to enter
and steal your goods

Prevent letterbox burglaries
Don't leave keys and handbags on view in hallways

Good news.

In 2003 – 2004 Wandsworth Police achieved a 19% percent reduction in burglary, the best performing Borough in the Metropolitan Police.

Remember to lock up before going out or going to bed.

Distraction Burglary.

Do you know who that is at the front door?

Remember all local authority/utility workers carry photo ID cards and will be happy to wait whilst you ring to verify their credentials, don't let them in whilst you check.

Don't be helpful, be careful. If in doubt lock them out
