Burglars are active in your area

There has been an incident reported to Police recently, which occurred in Summerley Street, SW18, where two white males, about 30 - 40 years old, attended a residential address posing as council officials. Having gained entry to the premises one of the men kept the elderly occupier busy by making him open windows while the other searched the property looking for something to steal and attempted to get the victims bank details. The occupier became suspicious and asked them to leave, which they did.
