Dear Neighbourhood Watch Co-ordinator,

### **Fire Safety training session**

As part of the events for the 2009 'Not in my Neighbourhood Week' we are inviting Neighbourhood Watch Co-ordinator's to a Fire Safety training session being held by the London Fire Brigade.

The aim of the training is to equip you with some basic fire safety knowledge so you are able to improve your safety as well as that of your watch members.

The training will be carried out at **Wandsworth Fire Station, West Hill** on **Thursday 5<sup>th</sup> November 2009** starting at **7pm**.

As it is an operational fire station there is no disabled access. Stair climbing is an integral part of this session. Due to the nature of the venue places are limited so we ask that you book your place as soon as possible to avoid disappointment.

Please note: this training is **NOT** the same as that previously offered by the London Fire Brigade to our Emergency Volunteers about flooding. If you attended that session you are more than welcome to come along to this training as well.

To book your place at this important training session please email [rguyatt@wandsowrth.gov.uk](mailto:rguyatt@wandsowrth.gov.uk) or by telephone on 020 8871 8919.

In view of the restrictions for access at this session, the Council is intending to organise a future event at a venue that can accommodate people who have difficulty in negotiating stairs. Details will be sent nearer the date of the proposed session.

---

Director of Technical Services: William G. Myers, OBE  
Head of Environmental Services: Gareth Llywelyn-Roberts

Should you have any questions about this, please do not hesitate to contact me by e-mail or telephone using the details above.

We look forward to seeing you there.

Ria Guyatt – Community Safety Officer
